

Abed Shaheen
Managing Director

Abed Shaheen is the Managing Director of **InfoFort**, the leading the leading records and information management solution provider in the GCC, Levant and North Africa.

InfoFort is owned by Aramex, a leading global provider of comprehensive logistics, transportation and information management solutions, which is listed on the Dubai Financial Market (DFM). Today, Aramex employs more than 8,100 people in over 310 locations around the globe, and has a strong alliance network providing worldwide presence.

Since its inception in 1997, **InfoFort** has and continues to develop secure, innovative and customized solutions for different industries. These solutions cover the full information life cycle and range from physical records management to electronic records management (scanning, conversion, capture, enrichment, data mining, document/records/workflow management systems), to consultancy, to secure and certified shredding, to offsite data protection, media, tape vaulting and rotation.

Prior to his position at **InfoFort**, Mr. Shaheen was responsible for developing and growing the supply chain solutions offering for Aramex in the GCC, and positioning it to offer comprehensive local and regional solutions.

He obtained his first degree, a Bachelor of Science of Computer Science with honors from the Lebanese American University in 1999. He has also received his Masters of Business Administration (MBA) with a specialization in Corporate Finance from Bowling Green State University (BGSU), Bowling Green, Ohio, USA in 2002. Moreover he has also completed executive management trainings at MIT, USA.

Mr. Shaheen is currently a member of **PRISM** International (Professional Records & Information Services Management), **ARMA** (American Records Management Association), **AIIM** (the Association for Information and Image Management), the **Council of Supply Chain Management Professionals**, and the **SCLG** (Supply Chain and Logistics Group in Dubai).
