

**Mohammed Sleeq**  
Chief Digital Officer

Mohammed Sleeq has been appointed as Chief Digital Officer (CDO) for Aramex in December 2018. He has over 17 years of professional experience in the Logistics and Transportation industry.

As the company's CDO, he leads Aramex's transformation aspirations, and responsible for the execution of the enterprise transformation strategy- the cornerstone of a wider strategy that will eventually lead to more efficient internal processes, upgraded customer service levels and a continuous competitive edge.

As the pace of change accelerates in technology, customer expectations, and competitive landscape, Mr. Sleeq and his team are mandated to drive fundamental organizational change through the use of digital technologies and business models to improve performance, enhance customer experience and optimize internal processes.

Mr. Sleeq joined Aramex in 2003, and since then, he climbed up the professional ladder to reach to his current position.

During his time with the company, Mr. Sleeq served in various functions and teams including Finance, Internal Audit, Strategy, Global Business Intelligence, and most recently, ERP Program Director where he was responsible for the overall planning and execution of the SAP ERP transformation at Aramex.

He holds a bachelor's degree in Accounting from the Applied Science University in Jordan.
